

## PMI Mass Bay Candidate Election Statement

Candidate's Name      Gregory Paul

Role Running For      Vice President Professional Development

### **Statement of Purpose**

I have developed a wide base of valuable hard and soft skills through events held by the PMI Mass Bay. I want to give back to PMI Mass Bay and I want to continue my term as your VP Professional Development.

I currently lead teams of dedicated volunteers to host chapter meetings, socials, Career Development Fair and the Professional Development Conference. I expanded our meeting locations beyond Boston to address more members. I added new fresh topics, delivered in chapter meetings and 4 workshops. I expanded networking into a Red Sox game and a winter social.

For future, I want to expand our speaker base and branch into new sectors such as Medical Device through a new roundtable. I also want to add PMP boot camp training into our curriculum...I want to grow the 20/30 program into a conduit for new curriculum.

I welcome first time attendees by offering a friendly face in a logo shirt. I believe that this is our PMI and value their input.

I bring fresh ideas to PMI Mass Bay from PMI LIM and R3 conferences. I learned of new types of events that fit with today's complex schedules I want member ideas for new topics, venues and meeting forums. I appreciate what PMI Mass Bay has provided me and want to continue to serve you as your new VP Professional Development

Biographical Information

I consider myself a life-long learner and hold master's degrees in engineering and Marketing. My current professional role is Sr. Program Manager at MilliporeSigma. I earned my PMP certification 2011, and I currently hold Expert Level Certification at MilliporeSigma. I coached 12 colleagues and 2 friends to earn their PMP certificate.

I believe in developing the mind and body and am passionate about soccer. I hold volunteer role of coach with Topsfield Athletic Association and I hold a coaching "E" license through US Soccer.

I am excited that I had a role in developing tomorrows leaders through the Boy Scouts (BSA). I served as Assistant Scoutmaster, and now serve as Eagle Advisor and as a Unit Commissioner with Spirit of Adventure Council of Woburn. As Eagle Advisor, I have coached 19 Scouts to Eagle Rank.

I believe my accomplishments as VP Professional Development and the strong team I have built will assure a great curriculum for our membership at PMI Mass Bay.
