

PMI Mass Bay Candidate Election Statement

Candidate: Tabitha Gustin
Running For: Director-at-Large

Statement of Purpose

I have been a certified PMI Member since 1999 and a project manager professional for over 25 years. Experienced project management utilizing waterfall, lean six sigma and agile methodologies and the in-between. My background crosses multiple operational roles within core business, human resource and technology functions and I have a passion for strategic thought leadership, mentoring and team development. I feel my leadership skills and operational expertise could help bring the board together to achieve its potential while helping to develop others along the way. My hope for the chapter, if elected would be to bring unity within the board, ensure the chapter is financially sound and help develop the next generation of chapter leaders

Biographical Information

My first experience with Corporate America was when I joined Tech Data Corporation located in Clearwater, Florida. Throughout my decade long career at Tech Data, I held a variety of positions, consisting mainly of marketing and distribution operations, technology, business analysis, and project management. With each new role came increased knowledge, experience and responsibility.

After leaving Tech Data and relocating to Massachusetts, I joined Liberty Mutual Insurance in Boston. During my career at Liberty I have held a variety of leadership positions across business units and functions, including Sales Administration & Compensation, Financial Systems, Information Technology, Commercial Insurance Underwriting, Lean Transformation, and

Executive and Investments Compensation. I am currently in corporate compensation, responsible for the compensation and global mobility technology strategy.

I hold a BS in Business Management, a MS in Managerial Leadership from National Louis University and am a certified Project Management Professional, through the PMI organization since 1999.
